

REMARKS

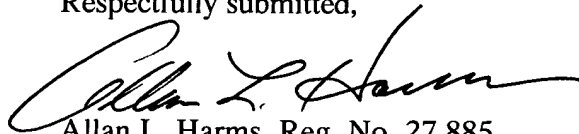

Claims 12-20 had been withdrawn from consideration and should have been canceled as part of the Amendment A submitted on February 17, 2005. No other change to the claims has been made except correction of a typographical error in line 7 of new claim 22 has been made. Otherwise the claims remain in the form submitted on February 17, 2005 with the exception that claims 12-20 are now marked as canceled.

Applicant thanks the Office personnel who called to bring to counsel's attention that claims 12-20 remained in the application while fees for fewer claims had been paid for.

Applicant believes this supplement to the Amendment submitted February 17, 2005 conforms the application to the fees submitted and the intended claim changes.

No additional fee is believed due because of this supplement. Should Applicant be in error, please charge any unpaid fees to deposit account 08 0725.

Respectfully submitted,
